

MEMO ENDORSED

03/30/09

Dear Judge Robinson,

I write in regard to my criminal matter. I have come into substantial, relevant and material information, unrelated to my criminal matter, which would be of substantial assistance to the Government, in but not limited to, the following states, New York, Illinois, Washington, D.C. The information relates to criminal feud with respect to General Services Administration (GSA), Womens Minority Owned Business, income tax (Corporate/personal), wire, bank, mail fraud, fraud against COO/DOJ, unemployment insurance fraud, and many other federal criminal acts and various state criminal acts. The losses are, in my opinion, in excess of \$5,000,000.00 and are ongoing since 1995 to today. I have access to substantial, relevant, and material documentary evidence such as emails, company documents, phone lists, contracts, voicemails, etc.

I respectfully request that the Court appoint me counsel and advise the US Attorney and FBI, perhaps out of Eric Pfeiffer, for an initial meeting, to verify me at FBI McKean. I will be happy to discuss all matters. I spoke to Mr. Arnold about this matter.

Respectfully,

APPLICATION DENIED

HON. STEPHEN C. ROBINSON
